

Going down the pit by the mine railway

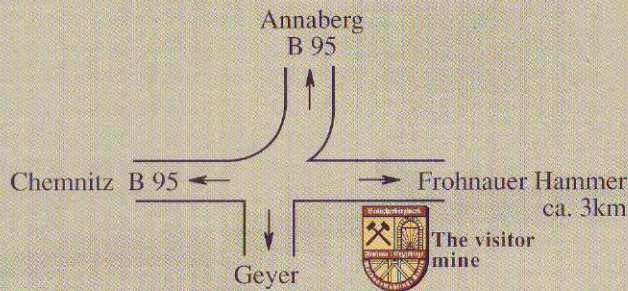

Functional building

Useful information for visitors:

There are guided tours daily between 9 am and 5 pm as required, about every half an hour.
Duration of the tour: about 1 hour including a walk of about 500 m.
 For groups of up to a maximum of 32 people, larger groups are split and are admitted after an interval of about half an hour. Children from the age of 6 to 14 must be accompanied by an adult
 Our mine is accessible and easy to walk in and therefore it is very suitable for disabled and elderly people.
 We would recommend suitable footwear and warm clothing (temperature underground is between 8 and 10 °C).
 Disabled people or groups are kindly asked to book in advance.
